September 22 & 23, 2018

hundreds of properties in over 60 countries
take Wellness to the next level to encourage people
to improve their DNA through enhanced lifestyle

Discoveries in epigenetics show that although people may have a genetic predisposition to certain pathologies, their lifestyle has the biggest influence on how genes express themselves. In a way, our DNA is like a loaded gun, but it is really the way we sleep, eat, exercise, cope with stress and engage in social activities with friends & family that eventually pulls the trigger... or not! **What NATURE gives us, grows or blooms in the way we NURTURE ourselves.** When people smile & have fun, their body chemistry changes, with less adrenalin & cortisol (stress hormones) and flourishes with serotonin & oxytocin (pleasure hormones).

With the active support of 35 Spa & Tourism Associations, World Wellness Weekend will be celebrated in +60 countries across all continents on September 22 & 23 to introduce millions of people with FUN & creative activities that will be organized for free by hundreds of properties (spas, hotels, yoga/Pilates studios, dance schools)

Launched in 2017 in France & Belgium, this pro-bono event is fueling the creativity of Spa-Wellness-Tourism professionals across the globe so they organize new & exciting experiences (activities, classes, treatments) to encourage people to shift their mindset and joyfully take better care of their body & mind in a preventative way to induce sustainable change in their lifestyle to live longer, healthier & happier!

Obesity, chronic diseases, mental health are staggering issues with scary statistics from World Health Organization. World Wellness Weekend (*or W³ as some people call it*) takes Wellness to the next level, with fun & gusto, to engage people to be more active regularly with their friends, family and Wellness buddies.

The equinox of the 3rd week-end of September is an ideal time when major events converge with World Wellness Weekend: the **European Parliament will organize the 4th European Week of Sports** with 17 million participating in 29 countries (#BEACTIVE Sept 23-30) and the World Sauna Aufguss Championship will take place in Satama Sauna Resort & Spa (Germany) on **Sept 22-23**. When we move, dance, smile, we share a common language.

All participating properties appear on a **multi-lingual website** (English, French, Italian, Spanish, *soon in German*) and a **World Wellness Map** locating fun & creative FREE activities:

- ✓ **Yoga with a live musician, on the terrace at sunrise or sunset**
- ✓ **Yoga & Vino** (*open your chakras with asanas & taste-buds with wine-tasting*)
- ✓ **Sweat with Zumba, splash with Zumb'Aqua**
- ✓ **Flash mob in bathrobe** (*dance, yoga*)
- ✓ **Wellness treasure hunt for kids & parents**
- ✓ **Sensorial workshops** (*massage, facial gymnastics, or eye yoga*)
- ✓ **Creative workshops** (*make up session, create your custom product or perfume, or write a Haiku*)

One of World Wellness Weekend's objectives is to remind people that, while **health is a relationship between your body & a doctor; Wellness is a responsible relationship between your body/mind and yourself.**
It feels GREAT to be WELL!!!
